

Introduced by Senator Bowen

February 19, 2004

An act to amend Section 583 of the Public Utilities Code, relating to the Public Utilities Commission.

LEGISLATIVE COUNSEL'S DIGEST

SB 1488, as introduced, Bowen. Public Utilities Commission: public information.

Under existing law, the Public Utilities Commission has regulatory authority over public utilities. Every public utility is required to furnish such reports as the commission may require. No information furnished to the commission by a public utility, except those matters specifically required to be open to public inspection, are open to public inspection or made public except by order of the commission or a commissioner in the course of a hearing or proceeding. Any present or former officer or employee of the commission who divulges any information in violation of these provisions is guilty of a misdemeanor.

This bill would provide that all information furnished to the commission by a public utility, except those matters specifically required to be closed to public inspection, are open to public inspection and may not be withheld from public inspection except by order of the commission or a commissioner in the course of a hearing or proceeding. The bill would further provide that any present or former officer or employee of the commission who divulges information made confidential by the commission is guilty of a misdemeanor.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.
